SUBJECT:

War Document Project (WDP)

1. The Army's file of Captured German and Austrian documents in Alexandria is presently being exploited, in the main, under a CIA/DDP project. This project expires at March 1968. DDP may have additional requirements beyond that time. Also DDP, Department of the Army, has an approved project to levy on the War Documents staff. There are other miscellaneous requirements.

2. Attached as Tab A is a staff paper on the status of the WDP. The WDP will be one subject of the agenda of an inter-agency external review meeting to be held under chairmanship of [REDACTED] about 1 March 1968. It would be appreciated, inasmuch as the coming year may be the last period for exploitation of war documents, if you would advise me prior to the 1 March meeting if you have any further interest in the war documents.

3. Attached at Tab B is an outline of the present potential of the files which was submitted by the Director of WDP to Alexandria to CIA/DDP yesterday. This outline may be helpful in determining whether you have any further interest.
